SET EXAMPLE TO HIS MEN

Henry of Prussia Evidently One of Those Leaders Who Do Not Say "Go!" but "Come!"

Prince Henry of Prussia is an ardent sailor, says Pearson's Weekly, but he is known among the bluejackets as a great martinet, and they fear rather than love him. The following story is typical of his methods, and shows that, although he expects those under his command to put up with all kinds of hardships, he is by no means above "roughing it" himself.

One day, when he was on board a warship in the North sea, he suddenly gave the order, "All hands to bathe!"

It was a bitterly cold day and the water was like ice. The order was so evidently distasteful that one of the officers ventured to make a mild protest to the prince. Without answering him a single word, Prince Henry, although fully clothed, sprang over the vessel's side, swam out a good distance in the icy water, and returned to the deck dripping from head to foot.

After that, the sailors took their bath without demur.

Mistake.

HAD NOT QUITE UNDERSTOOD

But Irishman, From the Land of Large Families, Was Naturally Interested in Conversation.

Two young kindergarten teachers, intelligent and attractive, while riding down on the street car, were engaged in an animated discussion. In the seat behind them sat a good-natured, fatherly-looking Irishman, enjoying a nap. Finally one inquired of the other:

"How many children have you?"

"Twenty-two," she replied; "and how many have you?"

"Oh, I have only nineteen," replied the first.

At this point the Irishman, now wide awake with astonishment, leaned forward in his seat, and, without any formality, inquired in a loud voice:

"What part of Ireland did you come from?"—New York World.

Making Hubby Happy.

"George, dear, you remember just a few weeks before we were married you said that anything that you could do to make me happy, would make you very, very happy?"

"Yes, darling. What is it?"

"George, I really must have another new gown. I hope you won't deny yourself that happiness."

Sizing Up Lippy.

HOMEMADE GIFTS FOR MEN AND GIRLS BY JULIA BOTTOMLEY

Phone Record Made of Linen

A record for phone calls is a convenience that every man will appreciate and a gift that will last indefinitely. The details for making a phone list are shown in the picture above.

The cover is made of heavy, unbleached linen, cut in a strip about six inches wide and twelve long. This is edged with buttonhole stitching in black embroidery silk. Four eyelet holes are worked near the center as shown in the picture. A small spray of red flowers, with green foliage is embroidered in one corner and a border, scroll and "Phone Calls" are done in outline stitch in black.

This linen cover encloses a tablet on which names and numbers are written. Narrow red ribbon strung through the eyelets holds cover and tablet together and forms hangers for suspending the record.

Pin Cushion and Candle Shade

Certain patterns in Cretonne are suited to dresser scarfs, pin-cushion covers, slipper bags, candle shades and other little furnishings that are required for men's rooms. In the picture a dresser set is shown, including a scarf, pin-cushion and candle shade.

The cretonne shows a red rose and green foliage against a black and white striped ground. So decided a pattern is to be most sparingly used, and the scarf is therefore only bordered with the cretonne. A square pin-cushion is covered first on one side with a small square of the cretonne sewed smoothly over it. For the other side a considerably larger square is hemmed about the edges and pinned over the cushion.

The candle shade is made over a wire frame and consists of a circular piece stretched over the top and sewed to place. A hemmed strip hangs from the edge of the frame to which it is sewed.

Pillow Cover and Dresser Scarf

Cretonne is the most effective of inexpensive materials for making beautiful gifts. It is at its best in furnishings for the bedroom.

A pillow cover of cretonne and a dresser scarf of serim bordered with it are shown in the picture. The pillow cover is finished with a hem all around, and bound with black braid about the edges. The open end fastens with snap fasteners.

The dresser scarf suggests the way in which these strong, brilliant patterns should be used. A band of the cretonne is stitched along each side, leaving most of the surface white, as a background for the pin-cushion or other articles that may be covered with the cretonne.

Collar and Cuff Set for Christmas

Quaker collar and cuff sets of organdie are easily made and among the most fashionable of dress accessories. They make charming Christmas gifts, and may be made at small cost.

Sheer materials, in cotton or linen, are used to make them, with hem stitching, narrow finger lace or embroidery in small sprays forming the decorative features. A quaker set edged with cluny lace is shown in the picture.

Gauze Bag Holding Puff Balls

Gauze bags, made to hold individual powder puff balls, are among the popular new fads that make lovely Christmas gifts. They are made of chiffon, silk muslin or gauze, gathered over a silk-covered embroidery hoop. Hangers of light satin ribbon are fastened at each side of the hoop with a rosette.

The balls, of absorbent cotton, are finished with tiny bows of baby ribbon matching the hangers in color. As soon as used they are thrown away.

Flowered silk muslin makes pretty bags, with ribbon hangers matching the flowers in color. The little bows are sewed to the balls. The bags hang at the side of the dressing case for the convenience of guests.

Calendar and Hatpin Holder

An attractive calendar for a girl's room and a hatpin holder are shown in the picture above. The hatpin holder is merely a small pasteboard tube covered with moire ribbon with tiny brass buckles, handle and straps of a narrow ribbon. It stimulates a golf bag and a hatpin imitating a golf stick goes with it.

The calendar consists of a circular piece having two small feet on one edge, cut from a sheet of celluloid. Two small oblong openings, one longer than the other, are cut opposite the feet.

The face of the calendar is decorated with a painted holly wreath and gilt lettering within it.

Two smaller circles swing on a pivot back of the calendar's face, with the names of the months on one and numerals from 1 to 31 on the other. The tiny pivot is concealed by the lettering.

The calendar is supported like a easel by a strip fastened on at the back.

WHY "ANURIC" IS AN INSURANCE AGAINST SUDDEN DEATH!

Sufferers from Backache, Rheumatism and Kidney Trouble

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery—"Anuric." Write him your symptoms and send a sample of urine for test.

Experience has taught Dr. Pierce that "Anuric" is the most powerful agent in dissolving uric acid, as hot water melts sugar, besides being absolutely harmless and is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Checks the degeneration of the blood-vessels, as well as regulating blood pressure. "Anuric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. Ask the druggist for "Anuric" put up by Dr. Pierce, in 50-cent packages.

Dr. Pierce's Favorite Prescription makes weak women strong, sick women well, no alcohol. Sold in tablets or liquid.
